DETAILED ACTION

THIS OFFICE ACTION IS IN RESPONSE TO APPLICANT'S AMENDMENT FILED 12/6/2008.

Status of Claims

- Claims 1-20 were canceled.
- Claims 21-28 were added.
- Claims 21-28 are pending.

Allowable Subject Matter

- [1] Claims 21-28 are allowed.

Reasons for Allowance

[2] The following is an examiner's statement of reasons for allowance. This application has been reviewed by the examiner and meets all formal and substantive (i.e., statutory) requirements and the language of the claims is enabled by, and finds adequate descriptive supported in the application disclosure as originally filed.

The primary reason for the allowance of the claims is the presence of limitations in the independent claims, which are not found in the prior art references. The examiner believes that the record of the prosecution as a whole makes clear his reasons for allowing a claim or claims. However, the examiner would like to point out one or more specific reasons and/or limitations that the prior art fails to disclose and/or make obvious. Hence, with regard to independent claim 21, the prior art fails to disclose of a jewelry item with a rotating gemstone, the rotating gemstone being driven by a motor means and gear assembly, the gear assembly comprising a lower spacer plate superimposed on said drive gear, said spacer plate having an aperture with said drive gear received therein, wherein said lower spacer plate includes a depression thereon that receives said intermediate gear. The closest prior art of record, Albanese and Hartman, both

fail to disclose or teach of the components of the gear assembly fitting within the housing as described above (spacer plates, apertures, depressions, etc). Claims 22-28 are dependent upon independent claim 21.

Any comments considered necessary by Applicant must be submitted no later than the payment of the issue fee, and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
